

**Would You Like  
To Make An  
Extra \$100 to  
\$200 a Day,  
Working Less  
Than One Hour  
a Day, From  
Home?**

I'm not going to make you any unrealistic promises. But I will tell you this: if you don't work, you **WILL NOT GET PAID! PERIOD!**

If you're looking for the Genie of The Universe to drop money into your lap, then you might as well go back to your day job.

There **IS** a way you can make money from home, and in a minute, I'm going to tell you how!

But first, let me tell you straight up front: if you don't have time to read this Blueprint all the way through, **just stop right here**, delete this file, and go unsubscribe right now from the confirmation email you just used to access this Blueprint.

I don't have time for “tire kickers” and people who can't follow simple written instructions and won't do what they're told. If you're one of those “hard-heads” that's got to “do it your way” then go do it your way. If doing it your way hasn't been working out for you, then maybe you need to listen to someone who has figure out how this works.

I know a lot of so-called “gurus” like to call these things “reports” and “case studies” but this is in **NO WAY** a report or case study.

It's an actual **BLUEPRINT** that is going to show you, step by step, how to get started making money **TODAY!**

Not tomorrow, not next week, not in the “next 30 days”... **I'm talking about TODAY!**

But, only, and I mean **ONLY** if you take action and do the little work necessary to get qualified.

**Also...** if you don't have 2 nickels to rub together to invest in your business, then throw this away. If you printed it, you wasted paper. If you still have it on your computer, just delete it and forget about investing in yourself. Just go back to that job you love.

On the next page, I'm going to give you a simple 3 step formula for getting started making money TODAY. I'm also going to give you a template to follow.

**Step 1.)** Go to <http://50dollargiftcards.com/dmsgroup> and read the orientation. You can get paid 4 ways! Signup/registration is free. Offer qualifications vary. Some of the offers are free, and some of them are low cost. The key to getting “qualified” for life is to get a FULL 1.0 credit.

For example, the Uber offer is .85 of 1 credit, so you would need another .15 credit to

“round up” to a full 1.0 credit. It's just simple arithmetic.

Or, you could find one of the payday loan offers that has a full 1.0 credit qualification, and they're also free to try.

There is also a DirecTV offer that has a full 1.0 value to it, and they offer a \$100 VISA card as a bonus for signing up and getting satellite TV installed. So, yes, there are lots of free offers, low cost offers, and some offers that even offer you money up front to try their offers.

The key here is to read the “fine print” and make sure you can qualify for their terms and conditions. Some of the merchants will require a trial period, and if you cancel before the end of the trial period, your credit will be revoked and you won't be able to promote this offer and get paid.

Other merchants will require you to pass a credit check, and some will even require a background check, like Uber.

Uber is a great offer because you can make money 2 ways: if you have a 2004 or later model 4 door sedan, you can drive for Uber and make money right there in your own home town. You would need insurance, registration, and can't drive a junker, and you would have to submit a copy of your insurance and driver's license to Uber to qualify as one of their drivers.

Or you could apply for a payday loan for a thousand dollars and use it to pay it back to the lender and build your credit. Just don't default on the loan, or you'll screw up your credit.

There are over 100 offers in the 50 Dollar Gift Card offer section, and you can find something that will appeal to you. Find something you would like to keep, and if you don't want to keep it, just make sure you don't cancel early or your qualification will get revoked and you would have to requalify to get paid.

The key is “getting qualified for life” to “getting paid” for life. Once you're qualified, you can make as many UNLIMITED referrals to your account and get paid.

## Get Paid 5 Different Ways!

The orientation at <http://50dollargiftcards.com/dmsgroup> shows you 4 ways to get paid, but there's actually a 5<sup>th</sup> way, too. In addition to getting paid by Company Check, Money Order, Direct Deposit, or PayPal, you can also choose to take your payments in \$50 Gift Cards.

We have all sorts of gift cards for VISA, MasterCard, American Express, Walmart, even restaurants and Starbucks! Most, if not all, of these cards are reloadable if you want to use them on a continual basis, but if not, you can always let the balance run out and throw them away. Even if they get lost, you're protected, because they're not “tied” to your credit report, nor are they in any way connected to your bank account.

**REMEMBER:** These gift cards are already “pre-paid” with \$50 on them when they're sent to you, so you don't have any risk.

Personally, I like to change up how I get paid. I “order” my money (or my “prize”) each day in a different format. Some days I'll take my money in a Gift Card from one of the merchants, or a Postal Money Order, or a Direct Deposit to my bank.

you do want to use.

Now that we have that out of the way, let's go on and look at how you will refer others.

It's really simple. Remember how you answered my ad to "text" me at my phone number?

Well, you're basically going to do the same thing. When people text you for info, or whatever call to action you use, you're going to paste in your reply to them on your cell phone, or your computer, and send them your link.

When they text you, you'll have their phone number if you want to follow up with them, and I highly recommend you either follow up with them by text or phone to increase your conversions.

Simply run your ad on Facebook groups or on Craigslist and have people text you for the info. Then send them your link and follow up.

This is the easiest way to make 2 to 4 qualified referrals a day. At \$50 a pop, that's \$100 to \$200 a day!

There are days that I have over 100 inquiries come in from my ads, and sometimes I get 10 or 20 completions a day. That's \$500 to \$1,000 dollars a day, but those numbers are not normal, and I'm not going to promise you that you'll do the same.

Heck, you might even find a venue that will do better than that.

That's it.

That's the 3 step blueprint to making money with 50 Dollar Gift Cards.

I don't know how much easier I could make this.

Get started by signing up at <http://50dollargiftcards.com/dmsgroup> and read through the orientation. Once you've been through the orientation, all you need to do is sign up with your email address.

**MAKE SURE YOU USE A REAL WORKING EMAIL ADDRESS** or you'll get bounced out of the system.

And don't use AOL. It's best if you use a Gmail address, because all those free "throwaway" email addresses will just slow you down on getting started.

To your success!
